

BREAKING INTO STEAM

Reach the next generation of STEAM professionals

Join us Wednesday, May 21, 2025 for the second annual Breaking into STEAM career fair

Help us inspire local youth to pursue STEAM careers, especially those who are disadvantaged or underrepresented in the sciences. From 9:30 a.m.-12:30 p.m., share insights on your profession and discuss practical career pathways. Professionals are encouraged to highlight course work, salaries, and local opportunities. Bring a hands-on activity to bring your field to life for hundreds of local middle school students. Students will leave able to see themselves in these roles with practical knowledge on how to pursue a STEAM career.
