The Delaware Tech STEM Expo is a high-energy STEM outreach event with interactive and amazing activities that feature a variety of STEM fields. It will offer an experience for students to engage in learning, work on real-world simulations, and explore high school and career pathways in STEM disciplines.

We ask that you help us get the word out by putting this event on your organization's calendar and/or parent newsletter, with a link to our website, go.dtcc.edu/stemExpo. We have also attached a digital flyer for distribution.

If you would like to learn more about the event, contact the STEM Expo coordinator at your local DTCC campus.

Delaware Tech STEM EXPO

March 18, 2026 | 5:30 - 7:30 p.m.

Delaware Tech STEM EXPO

The STEM Expo brings middle school and high school students on to Delaware Tech campuses to explore STEM-focused careers and have fun! This event presents an exciting opportunity for students to deepen their understanding of STEM concepts, Delaware STEM CTE Pathways, and explore future career paths at Delaware Tech.

Event highlights include Delaware Tech student-designed interactive activities and faculty-led initiatives that reflect the depth, quality, and real-world relevance of the College's STEM programs. Middle school and high school students, parents, educators, and local employers are invited to attend and explore the STEM Expo, which is a FREE event, made possible thanks to the generous supports of our sponsors.

Offerings vary by campus. For more information, contact Charlene Kemmerle at ckemmerl@dtcc.edu or visit go.dtcc.edu/stemExpo.
